

GEOFAT FINISH MPU

Chemical Nature:	synthetic oil
Active Substance:	approx. 100%
Ionic Charge:	non-ionic
Aspect:	yellowish liquid
Utilization:	pull up type finishes with waxy touch

PROPERTIES

GEOFAT FINISH MPU is a finishing oil that provides pull up effect. It can be used plain or combined with GEALUX FINISH PD or GEALUX FINISH WS. It is recommended for articles that need an emphasized darkening effect. The product can be applied at room temperature whenever used plain. After its application, hot plate or felt polishing can be applied to the leather, and followed with the desired finish.
